ABOUT ME

I'm a third year Design student with experience across multiple fields, including web design, graphic design, product design and game design. I also specialise in production, where I focus on organising workflows and managing teams.

EXPERIENCE

Producer & Project Manager – Research Department

I've recently joined UDIT's Research Department as a Producer and Project Manager through a collaboration scholarship, which I was awarded after my internship with them last year. In this role, I help manage projects and coordinate teams to support different research and development initiatives in design and technology.

| UDIT | September 2025 - Currently

Head of Production & Art Supervisor (Internship)

Leading a multidisciplinary team of artists and programmers on an unreleased project. Responsible for all production management, art supervision, and creative direction, including UI/UX design and prototyping.

| LaCaja, Architecture Studio | November 2025 - April 2026

Sales Assistant (Part-Time)

Responsible for customer service and sales support, handling cash register operations, stockroom organisation, and maintaining store order. I also assist with visual merchandising to ensure an attractive and well organised retail space.

| Yuxus, Fuencarral 74 | June 2025 - January 2026

Producer & Project Manager - Research Department (Internship)

Intern in UDIT Research Department, responsible for leading a multidisciplinary student team across two innovative research projects: one focused on exploring and defining methods to train an AI system capable of autonomously generating level designs, and another aimed at bringing exhibition spaces, such as museums, into virtual reality environments for potential integration into the metaverse.

| UDIT | March 2025 - June 2025

Sales Assistant (Part-Time)

I provided customer service and sales support, handled cash register operations, organised the stockroom, and ensured the overall order and efficiency of the store. In addition, I contributed to visual merchandising by helping create a well-organised store layout aligned with brand standards.

| Blue Banana Brand - ECI Pozuelo | April 2025 - June 2025

Web Designer & AI Trainer (Internship)

Assisted in creating and refining website layouts and user interfaces, ensuring usability and visual consistency. Additionally collaborated on training an AI model for an automated food selection system.

| Accuro Technology | March 2022 - June 2022

ACADEMIC STUDIES

Degree in Design and Development of Video Games & Virtual Environments

UDIT, University of Design, Innovation and Technology
| 2025 - Currently (Expected 2027)
